Rational

The Home School Community Liaison Scheme is an integral part of the Delivering Equality of Opportunity in Schools (DEIS) initiative in many schools in the state. In De La Salle we are not considered to be a DEIS school but allocate portion of our SEN budget to some student's in a targeted intervention aimed at addressing educational disadvantage within the school. We are of the firm belief that up to 30% of our students are "DEIS" students and we allocate as many hours to the support of these students as our SEN allocation allows.

Goals

- To maximize active participation of students in the learning process, in particular those who might be at risk of failure.
- To promote active co-operation between home, school and relevant community agencies in promoting the educational interests of the students.
- To raise awareness in parents / guardians of their own capacities to enhance their children's education process and to assist them in developing relevant skills.
- To enhance the students' participation, their retention in the educational system, their continuation to third level education and their life long attitude to learning.
- To develop a caring, open environment where information and guidance are provided and shared among the whole school community.

1. Introduction

The Home School Community Liaison scheme seeks to promote partnership between the home and the school, parents / guardians and teachers. The purpose of this partnership is to enhance the students' learning opportunities and to promote their retention within the educational system.

This purpose is pursued by identifying and responding to parent / guardian needs and by creating a greater awareness in teachers of the complimentary role that parents play in their children's education.

The Home School Liaison teacher seeks to promote active co-operation between home, school and relevant community agencies in the education of young people.
